WORK EXPERIENCE

Symphysis Medical

Contract | Sept. 2025 – Oct. 2025

Contract - Event Co-ordinator: Investor Roadshow

Old Dublin Rd, Galway

- Managed end-to-end event planning, including the organization of catering services and the setup of Audio/Visual (AV) equipment to ensure seamless presentations.
- Drafted and scheduled social media content to maximize event visibility and audience interaction.
- Directed recording of presentations to investors for promotional content.

ATU Innovation Hubs

June. 2024 – Sept. 2025

Internship – Marketing, Project, and Event Management

Dublin Rd, Galway

- Created and scheduled content for weekly social media posts as well as managed the monthly newsletter by gathering client stories and university related news.
- Orchestrated high-profile events involving guest speakers and industry leaders, overseeing scheduling, hospitality, and on-site coordination. Recorded and created promotional content to share after events.
- Served as the primary point of contact for hub clients, resolving daily administrative queries and managing facility requirements.

Atlantic Technological University

Seasonal | June. 2024 – June. 2025

Summer Camp Tutor and Assistant

Tnam, Galway

- Worked with my lecturer to deliver Game Design and Development workshops, translating complex college-level concepts for younger students.
- Applied technical skills in game design to guide students through coding, logic, and asset creation.

The Bridge Bar

June. 2021 - Present

Bartender

Galway

- Managed storeroom operations, conducting stock checks and generating precise order lists to minimize waste.
- Worked in high intensity, fast paced environment as part of a team. Built positive customer relations and helped ensure a streamlined service.

Freelancer

Sept. 2025 - Present

Freelancer

Galway

- Completed various freelance projects and undertook projects with clients including web design and development projects or social media projects working on areas such as SEO, advertisement, and marketing.

EDUCATION

Atlantic Technological University

November. 2025

Bachelors (Honours). Computing and Digital Media

Galway

- Achieved First Class Honours. 74% GPA.
- As part of my final year project, I worked in a group to create an award winning, AI enhanced beehive system and companion app to help beekeepers better monitor and keep their colonies healthy. Successfully presented to our class and lecturers.

Galway Technical Institute

April. 2021

Level 5 Certificate Programming and Software Development

Galway

- Achieved Distinctions across all nine modules.
